NOTICE OF PUBLIC HEARING ON PROPOSED FEDERAL REGULATIONS UNDER TITLE 14 PART 150 AIRPORT NOISE AND LAND USE COMPATIBILITY PLAN UPDATE FOR SCOTTSDALE AIRPORT SCOTTSDALE, ARIZONA

A Public Hearing on the AIRPORT NOISE AND LAND USE COMPATIBILITY PLAN UPDATE based on the requirements and guidelines of Title 14 of the Code of Federal Regulations Part 150 for Scottsdale Airport will be held on Thursday, January 27, 2005, from 8:00 p.m. to 9:00 p.m. at the Best Western Scottsdale Airport Suites, High Flight Room, 7518 E. Butterfield Dr., Scottsdale, Arizona.

The PART 150 AIRPORT NOISE AND LAND USE COMPATIBILITY PLAN UPDATE is sponsored and funded jointly by the City of Scottsdale and the Federal Aviation Administration. The recommended plan proposes noise abatement and land use management measures intended to reduce the impact of noise on current residents of the noise impacted area and to reduce the risks of noise impacts on future residents of the area.

At the Public Hearing, members of the public will be afforded the opportunity to present oral or written testimony regarding the Airport Noise and Land Use Compatibility Plan Update. No responses to public testimony will be made during the hearings. The written record will be available no later than February 28, 2005. Written comments will be accepted no later than 5 p.m. Friday, February 4, 2005 at the address below:

Gary P. Mascaro, C.M., C.A.E.
Assistant Aviation Director
Scottsdale Airport
15000 N. Airport Dr.

NOTICE OF HEARING ON

In bait car break-in

A man accused of breaking into a bait car at an apartment complex was arrested Monday night.

Angel Flores, 18, of Phoenix was arrested at 9:35 p.m. on suspicion of theft and probation violation, said Scottsdale detective Sam Bailey.

Flores drove the vehicle from the Sun King apartments in the 5900 block of East Thomas Road to the 4800 block of East Willetta Street in Phoenix, Bailey said. Flores fled briefly on foot before he was arrested, Bailey said.

Irene Hsiao, (480) 970-2324

Tribes to work with DEQ on pollution

Three East Valley American Indian communities will work with the Arizona Department of Environmental Quality to expand the agency's monitoring of air pollution. DEQ will set up monitoring stations on tribal lands of the Salt River Pima-Maricopa Indian Community east of Scottsdale, the Gila River Indian Community near the south East Valley and the Fort McDowell Yavapai Nation near Fountain Hills. By adding the stations, DEQ hopes to get a clearer

A Caregiver Town Hall Meeting will be broadcast 4 to 7 p.m. Sunday on KAET-TV (Channel 8). Topics will include local services available for residents who are caring in their homes for patients with Parkinson's,

Aircraft noise public hearing and workshop scheduled for Jan. 27

Residents and other community members are invited to attend a public hearing and workshop to provide comments on the update to Scottsdale Airport's Part 150 Noise Compatibility Study.

The open house workshop will provide information on aircraft noise impacts to the surrounding community and recommendations to reduce/manage these impacts now and in the future. The public will also have the opportunity to give oral or written testimony for the public record at the same location.

The public hearing and workshop are being held from 6-8 p.m., on Thursday, Jan. 27, at the Best Western

Scottsdale Airpark Suites, High Flight Rooms, 7515 E. Butherus Drive in Scottsdale. Those interested in providing their input can drop in anytime during the meeting hours. If residents cannot attend the public hearing or workshop, they can give their feedback by logging onto the following web site: www.coffmanassociates.com <<http://www.coffmanassociates.com>>.

Coffman Associates, Inc., is the airport consultant conducting the study on behalf of the City of Scottsdale. They have studied a range of noise abatement and land use planning alternatives to reduce the impact of aircraft noise near the airport, and have developed their preliminary recommendations and now seek public comment. The preliminary recommendations are divided as follows: 16 Noise Abatement measures, 9 Land Use measures, and 6 Program Management measures. Details on each of these measures as well as other related material are currently available to view on these web sites prior to the public hearing and workshop on January 27, 2005: www.coffmanassociates.com <<http://www.coffmanassociates.com>> and www.scottsdaleairport.com <<http://www.scottsdaleairport.com>>.

A copy of the Airport Noise and Land Use Compatibility Plan Update can also be viewed at the following city locations prior to the public hearing:

- Scottsdale Airport Administrative Office, 2nd Floor, 15000 N. Airport Dr.
- Civic Center Library, 3839 N. Drinkwater Blvd.
- Arabian Library, 10187 E. McDowell Mountain Ranch Rd.
- Mustang Library, 10101 N. 90th St.
- Palomino Library, 12575 E. Via Linda, Suite 102

Following the public comment period, recommendations will be made to the Scottsdale City Council for possible adoption and to the Federal Aviation Administration for that agency's approval.

Scottsdale received \$286,590 from the FAA and state to conduct the Noise Compatibility Study. While general aviation airports are not required to conduct noise studies, Scottsdale Airport has been a leader in the area and in the nation as one of the first general aviation airports in the country to submit a Part 150 study. The first Airport Noise Compatibility Study was commissioned by the city in 1985 and the last study was done in 1995.
